Why are they calling abortion the UnChoice? ... Because studies show it is an unwanted, coerced or even violently forced, traumatic, deceptively presented and dangerous substitute for the accurate facts and authentic support that women deserve.

7 USER-FRIENDLY RESOURCES

1. The Coerced Abortion Flyer

Short quotes, powerful testimonies and key facts quickly convey the heartbreak of women railroaded into unwanted abortions. Easy to download, copy and send by e-mail, mail or as handouts.

2. The Forced Abortion in America Special Report

A shocking but seldom-heard story! This 22-page compilation of research and news headlines illustrates the serious threats that many pregnant women face if they resist abortion. Consequences can range from homelessness to violence to murder. Also available is a one-page fact sheet (with citations on back) — the “Forced Abortion in America” fact sheet.

3. Teen Abortion Risks Fact Sheet and Ads

Help warn parents! Great for youth ministries and educators, too.

Parents need to know that teens are 6 times more likely to commit suicide if they’ve had an abortion. These materials shed light on the coercion and abuse of teens, including facts and examples of predators who use abortion to hide repeated sexual assaults, students put on a weekly bus to the abortion clinic, and hard-sell counselors who keep parents in the dark.

4. “Hard Cases: New Facts. New Answers.” Booklet

In light of new evidence from women who’ve been there, there are more compassionate answers to the “hard cases.” Surprising, seldom-heard evidence from victims of assault-related pregnancies, a petition for hearings and more.

5. Research Summary Booklet

This quick-reference booklet summarizes key studies and other facts about unwanted, coerced abortions and post-abortion issues. It includes fact sheets on psychological and physical aftereffects which you can also print out separately.

6. “Key Facts” Fact Sheet and “Top 10 Reasons it’s the UnChoice” Fact Sheet

A bulleted list summarizing persuasive facts about unwanted abortions and the aftereffects of abortion.

7. UnChoice Print and Broadcast Ads

This education and outreach campaign ranges from small “clip art” ads, message cards and flyers, to ads and multimedia campaigns. It raises awareness that most abortions are unwanted and that abortion hurts and endangers youth and women in many significant ways. It also opens the door to healing for millions closely affected by abortion.
